Moving Ahead Training of Trainers

October 8, 15, 22 & 29

2pm Eastern/1pm Central/11am Pacific

Survivors of domestic violence face serious economic barriers to safety.

For Domestic Violence Awareness & Prevention Month 2026, The Learning Community and National Network to End Domestic Violence (NNEDV) are pleased to offer a comprehensive 4-part virtual training for those who wish to guide survivors and others through The Allstate Foundation's Moving Ahead financial empowerment workbook.

Held over four 1.5-hour sessions, this training will provide advocates an overview of the Moving Ahead online curriculum so they are better prepared to assist survivors in their journey toward financial long-term security.

Participants will learn how to:

- Address financial safety planning
- Create realistic budgets
- Demystify credit
- Better understand loans, banking and long-term planning

Your trainer:

Kim Pentico, Senior Director of Economic Justice Program
National Network to End Domestic Violence
